

All prices include VAT. The above prices are recommended rates. The total price of a service depends on the general condition of the watch, and can only be known after examination by a ZENITH watchmaker at an approved service centre. Before any intervention, a quotation will be submitted to you for approval. Operations carried out as part of ZENITH services are covered by the intervention warranty for a period of one year from the date of invoicing. Any quotation refused by the client is invoiced at £100.
